	Explaining				
Suggested Synonyms for Student Learning Outcomes					
arrange	associate	act	analyze	appraise	adapt
choose	cite	administer	attribute	argue	assemble
count	classify	apply	break down	assess	build
define	compare	calculate	categorize	check	collaborate
describe	conclude	change	characterize	convince	combine
duplicate	convert	chart	contrast	criticize	compile
elicit	demonstrate	compute	correlate	critique	compose
find	discover	conduct	debate	decide	construct
identify	discuss	determine	deduce	defend	create
label	estimate	diagram	differentiate	editorialize	design
list	exemplify	dramatize	discriminate	evaluate	develop
locate	explain	draw	dissect	find errors	devise
match	express	employ	distinguish	grade	establish
memorize	generalize	execute	divide	hypothesize	formulate
name	illustrate	experiment	examine	investigate	generate
quote	indicate	imitate	extrapolate	judge	initiate
recall	infer	implement	organize	justify	integrate
recite	interpret	include	outline	measure	invent
recognize	make sense of	inform	prioritize	predict	make
recollect	observe	instruct	quantify	present a case for	modify
relate	paraphrase	interview	question	prove	originate
remind	reference	manage	research	rank	plan
repeat	reiterate	operate	separate	rate	produce
reproduce	report	perform	structure	recommend	propose
select	restate	practice	subdivide	reframe	revise
sequence	review	prepare		score	role play
state	reword	react		support	simulate
tell	rewrite	record		test	solve
	summarize	respond		weigh	validate
	theorize	show			write
	translate	solve
